

Off Campus Placement for QUALCOMM India Private Limited

DCE/TPO/4692

12 Jan 2009

There is an opportunity for placement with above mentioned company. Other details are as follows:

Batch : 2008
Location : Hyderabad / Secunderabad
Eligibility : B.E. (ECE, CSE)
Experience : 0 Years
Industry Type : IT-Software/ Software Services
Functional Area : Network Administration, Security
Keywords : RF Software Engineer
Job Reference Code : G1821755

Job Description : QUALCOMM CDMA Technologies (QCT) is the largest provider of 3G chipset and software technology in the world, with chipsets shipped to more than 50 customers and powering the majority of all 3G devices commercially available. QCT partners with nearly 60 3G network operators around the globe and has the largest CDMA engineering team in the wireless industry.

QCT provides complete chipset solutions and integrated applications from the Launchpad suite of advanced technologies. Our integrated solutions offer device manufacturers reduced bill-of-materials costs, time-to-market, and development time. Mobile handsets powered by QCT chipsets can offer more features while maintaining a smaller, sleeker form-factor and benefiting from reduced power demands.

QCT values collaboration with its customers and partners and works closely with them to enable their success. We offer a wide range of tools to support the device development process, and develop new technologies based on the needs and demands of the wireless market. Devices for all market segments can now include features enabled by 3G wireless technology, in demand by a growing and increasingly sophisticated wireless community. QCT is looking for SW engineers with knowledge of RF and Digital Communications. The candidate will develop and validate the software for QCT's RF chipsets.

Desired Profile : The position requires strong C programming skills with an understanding of RF and Communications systems. The candidate should have the knowledge of digital communications and RF theory. An understanding of embedded real time systems is desired. Experience in CDMA, UMTS or GSM wireless systems is a plus. Must have good communication skills and be a team player.

Last Date : 22 Jan. 2009

Note :

1. Students are informed to carry all the mandatory documents like hard copy of resume, passport size photographs, photocopies of all semester DMC's and proof of identity.
